

Hydrological Processes for the Eastern Snow Conference

This year's procedure for submitting manuscripts to Hydrological Processes differs from that used in the past. Manuscripts are due on 20 **June 2008**, submitted following the new procedure as described below and copies of the following instructions are also available as [PDF](#) and [Microsoft Word Documents](#).

The submission and editorial process of the special issue will be coordinated through the Editorial Office of Hydrological Processes. Queries with regard to submission etc should be addressed to Sue Amesbury at the Editorial Office of Hydrological Processes (hp-journal@bris.ac.uk) Any other queries should be addressed directly to the Guest Editors John Pomeroy (john.pomeroy@usask.ca) and Andrew Klein (klein@geog.tamu.edu).

Details on preparing a paper for Hydrological Processes are available at: <http://www.hydrologicalprocesses.com/> . Please click on the "Instructions for Authors" link.

Follow the guidelines for paper style, reference format, illustrations etc as explained in the Instructions for Authors. The length of papers is <7500 words. Please keep the readership and scope of Hydrological Processes in mind when preparing your paper.

When submitting your paper, we should be grateful if you could go to the electronic submission site and upload your manuscript: <http://mc.manuscriptcentral.com/hyp> Full details of how to upload the paper can be found in the Instructions to Authors on the submission site.

Please ensure that you state that the paper is a "special issue" paper and that you indicate in the space provided that it is to be considered for the special issue "2008 Eastern Snow Conference". You will receive automated confirmation that the paper has been received.

The paper will be sent for external review in the same manner as a regular submission to Hydrological Processes. Please suggest 2 reviewers for consideration by the Editors with your submission.

A timetable is provided below for your information. In order to ensure timely publication of this special issue, it is imperative that all authors submit their manuscripts (both initial submissions and subsequent revisions) on time.

Activity	Date
Eastern Snow Conference	28-30 May Fairlee, Vermont
Instructions to Authors	3 June 2008
Submission of papers to Manuscript Central	20 June 2008
