Conference

Proceedings of the
1978
Annual Meeting

PROCEEDINGS OF THE
THIRTY-FIFTH ANNUAL
EASTERN SNOW CONFERENCE

FEBRUARY 2 and 3, 1978
HANOVER, NEW HAMPSHIRE

FORWARD

In keeping with the objectives of the Eastern Snow Conference "to collect, disseminate and analyze data relating to snow and ice", the Executive Committee of the Conference is pleased to submit this copy of the Proceedings, Volume 23, in recognition of the Thirty-Fifth meeting of the Conference.

The Eastern Snow Conference is an informal group of businessmen, engineers, foresters, hydrologists, meteorologists, scientists and educators from the Eastern United States and Canada, which meets annually at some pre-selected location in New England, New York or Canada. The purpose of these meetings is the interchange of information related to snow, ice, frost, hail and other phenomena associated with the winter season.

The 1978 meeting of the Conference and associated manufacturer's display was held at the U.S. Army Cold Regions Research and Engineering Laboratory (CRREL) in Hanover, New Hampshire. In 1979, the group will meet in early June at the Thousand Islands Club/Resort, Alexandria Bay, New York.

Membership in the Conference is open to all interested individuals. Annual dues are only ten dollars (U.S.) and this includes one copy of the Proceedings, plus any other data distributed by the Conference. Additional copies of current Proceedings may be obtained from the Proceedings Editor or Secretary. Copies of many of the back issues are available from the Secretary.

Publications of these Proceedings was made possible in part by Corporate Memberships in the Conference held by the following:

1. Ontario Hydro, 700 University Avenue, Toronto, Ontario, Canada M5G 1X6
2. C.T. Main, Prudential Center, Boston, Massachusetts 02199
3. Hydro-Québec, Place Dupuis, 855 est, rue Sainte-Catherine, Montréal, Québec, Canada H2L 4M4
4. Province of New Brunswick, Department of the Environment - Water Resources, P.O. Box 6000, Fredericton, New Brunswick, Canada E3B 5H1
5. Anonymous ESC Member

SPECIAL THANKS

In addition to hosting the 1978 Annual Meeting, the Cold Regions Research and Engineering Laboratory provided substantial financial support for the publication of this document. Their generous contribution is gratefully acknowledged.
