

SNO~FOO AWARD

TO ERR IS HUMAN, TO FORGET IT WOULD BE DIVINE.

SNO-FOO 2016 – Roger DeRoo

The 2016 SNO-FOO award is well deserved by Roger DeRoo, Associate Research Scientist at the University of Michigan. We always expect scientists to be late, or have problems managing their schedule...but Roger took that principle to another level!

In 2015, for the ESC that took place in Sherbrooke, Roger decided to have a nice road trip from Michigan. This is a short trip of 1,141km but it is all worth it when you go to a conference to present results and meet colleagues. Unless...you show up one week too early!

Roger DeRoo, congratulations on the 2016 SNO-FOO award!
